Croqkick (croquet soccer) inc ball

Croqkick is a new Football and Croquet skill game; designed to improve accuracy and athleticism without be a dull drill that can't be enjoyed by the rest of the family.

Pass the football through the hoops or race to make it round the course against the clock or against friends. Both children and adults alike will not be able to stop in this addictive football/croquet combo game.

This fresh approach to training is both fun and exciting and flexible enough to allow non football fans to play too; banished are boring goal shot outs.

Who Am I - Giant Guess Who Game

Perfect for Big Events, Primary Schools, Functions, Hire companies. Why not offer your customers/patrons the best of what is the ONLY ONE IN AUSTRALIA!

Easy to play MEGA Who is played exactly like the original version just on a much larger scale. If you have not tried it yet you are in for a treat. Play in groups, teams or just two people.

The object of the game is to be the first to determine which card one's opponent has selected. When playing the game your questions must be "Yes" or "No" Questions to eliminate characters and help you win the game. This may limit the questions but does not mean you cannot be creative with them. Our Characters are new and we cannot wait for you to meet them.

For example you could ask "Does your person have brown hair?" or "Does your person wear glasses?". The player will then eliminate candidates by flipping those images down until all but one is left. Well-crafted questions allow players to eliminate one or more possible cards.

This Mega Who Game Includes the following...

- 4 Red multiple frames that make the Red board (length 2m)
- 4 Blue multiple Frames that make the Blue board (length 2m)
- 1 Red single frame that holds the card of your player
- 1 Blue single frame that holds the card of your player
- Rack Legs Included
- 3 Sets of 24 Cards (Blue, Red and White) 30x38cm

Jamanga Tower Block Game- This giant coloured hi density foam-rubber Jamanga Tower and its monster dice pose as a real challenge! It is super safe too and can be easily used by children

The Jamanga Tower requires more skill, nerve and tactics than a standard outdoor Towers from other suppliers. Also with its soft colourful blocks it is perfect for kids and their families.

How to play with this Jamanga Tower

First you have to throw the giant dice and it gives you a choice of 2 colours. You then have to choose which of the two colours and remove a brick of that matches your colour choice. If you get it right the Tower stays tall, get it wrong and the Tower will fall! You can choose to play without using the dice for an easier game.

By using your skill and nerve you can get the Jamanga Tower so that it is at the point of falling just as your opponent takes their turn.

Do you have what it takes to build the Tower high? Or will you crumble under pressure alongn with the Jamanga Tower?

Hole In One Putting Green.

This specially designed adjustable camber putting green is ideal for corporate events and parties.

Perfect for indoors the green is 3.0m long and 600mm wide.

It comes with 2.0m high backdrop which adds a truly realistic feel to the game. The game is supplied with four putters of various sizes and six golf balls.

The putting green can be adjusted to have a left or right camber, a hill in the middle or simply be completely flat. Challenge your friends/work colleagues to this simple but challenging game that anyone can try.

Coleman 240V (Mains Power) High Performance Quickpump

The quick and convenient way to inflate and deflate our giant balls, water toys and other inflatables

- High volume and powerful enough to inflate double high airbeds
- Two adaptors included; will fit virtually all valves, other than needle or stem valves
- Inflates and deflates
- Powered by 240 volt only
- Adaptors store directly into pump

These pumps are designed to inflate up to a set amount of pressure so they do not 'pop' inflatable items left unattended. When using on our balls, they will inflate the bulk amount of air, however you may need to finish inflating the expandable bladder with a 2-way foot pump.

This pump will be sufficient for most of our smaller (<1.5m) balls and inflatables

2 Person Buddy Walkers (2 Pairs Included For Racing Fun)

These 2 person walkers are not only great fun and exercise, but also an effective lesson in teamwork and communication.

Foam bottoms prevent slipping indoors and out. Perfectly safe, with no straps to bind feet and cause twisted ankles. The walkers sit only 3cm off the ground, so beginners and younger users won't get hurt.

Co-ordination

All persons must raise the same foot and pull up on the rope on the same side as the foot they are raising to keep the Team Walkers against their foot as they raise it (like an extension of their foot). 80cm in length, 12cm wide with holes at front and back enabling more walkers to be linked to together.

Co-operation

All participants must move together requiring complete co-operation with each other.

Communication

All participants must talk, listen, read and send body language so that they will be able to walk together.

Remember, the only way to Buddy Walk is to co-operate!
